HELLO I AM ALTANKHUYAG DASH

ARCHITECTURAL ASSISTANT, PROJECT MANAGER

Architectural Assistant | Project Manager

Driven by a passion for innovative design, I am eager to apply my skills in residential home building and design. With a keen eye for detail and a strong understanding of construction processes, I am confident in my ability to deliver exceptional results.

Work Experience.

Project | Field Superintendent

HR Developers LLC | Mclean | VA

- A construction superintendent oversees all on-site construction activities to ensure projects are completed safely, on time, within budget, and to quality standards. Here's a concise breakdown of their key responsibilities:
 - Scheduling and Coordination: Manage daily activities, align with project timelines, and coordinate subcontractors, suppliers, and equipment.
 - Site Supervision: Ensure construction adheres to plans, specifications, and regulations.
 - Safety Oversight: conduct safety briefings, and address hazards.
 - Quality Control: Inspect workmanship and materials to meet design and code requirements.
 - Resource Management: Manage labor, materials, and equipment efficiently to minimize delays and costs.
 - Communication: Act as the on-site liaison between project managers, clients, and contractors.
 - Reporting: Maintain daily logs, approve work orders, and submit progress reports.
- Problem-Solving: Resolve site conflicts, design issues, or unexpected delays promptly.

Shop Manager

Luxury Stone Craft | Chantilly | VA

- A Stone Shop manager oversees the daily operation of stone fabrication shop, ensuring accuracy, efficiency and ensuring efficient production, quality control and timely delivery.
